Data from the Department for Transport (DfT) on traffic measurements for over 2000 locations in Greater London. For each, data is available for one or more year between 2000 and 2016. This is an edited and condensed version of the traffic data that is available directly from DfT. A visualisation of the data can be seen at http://vis.oobrien.com/trafficcounts/ (http://vis.oobrien.com/trafficcounts/). See also https://data.cdrc.ac.uk/dataset/southwark-traffic-counts (https://data.cdrc.ac.uk/dataset/southwark-traffic-counts) which has additional borough-supplied data for LB Southwark in south London.
